

I AM The Bread of Life – Discussion & Study Question.

Read John 6:25-51

- What other examples can you think of from the gospels where the crowds/disciples 'missed the point' of what Jesus was doing?
- Why do you think the crowd find it so hard to accept what Jesus was saying? When you first came to faith, did you struggle to believe that Jesus truly was all that he claimed to be?
- Can you think of times in your life where you've looked in the wrong places to fulfil your needs? What did those times teach you?
- In contrast, when have you fully put your trust and hope in Jesus? How do the outcomes differ when we go to Jesus vs when we go to the things of this world?
- Is it important to you to spend time with Jesus daily? What is the significance of going to Him every day instead of when you feel like it/need it?
- If you have time, you could pray for each other, that you would experience Jesus' sustaining power in your life, and be able to go to Him for all that you need.
